---

Dear Mr. Simmons,

On behalf of Barbara Barrigan-Parrilla, Executive Director of Restore the Delta, I submit to you and the Army Corps of Engineers the attached comments responding to Public Notice SPK-2008-00861 (Tunnels Project, or "California WaterFix").

Thank you for the opportunity to comment, and for extending the comment period on the public notice to make it possible for groups like Restore the Delta to submit timely comments on the proposed project. These comments indicate primarily that the application that is the subject of the public notice is at this time incomplete, and that considerable information will need to be developed before this application can be processed by the Corps.

Note that in our conclusion, we respectfully request that you place Barbara Barrigan-Parrilla and myself on the mailing list (both email and regular US Mail) for all future notices, correspondence, and other information concerning DWR's application in SPK-2008-00861. Our contact information is provided therein.

Yours truly,

Tim Stroshane  
Policy Analyst  
Restore the Delta
